Subject: Year 2003 Changes and Additions to CPT[™] and HCPCS Codes

Effective for claims with dates of service on and after January 1, 2003, the Medical Assistance Administration (MAA) will begin using the Year 2003 CPT[™] and HCPCS Level II code additions as discussed in this memorandum. Maximum allowable fees for the Year 2003 additions and 2003 Base Anesthesia Units (BAU) are also included.

^{*} CPT stands for Current Procedural Terminology

^{**} HCPCS stands for Health Care Financing Administration Common Procedure Coding System

Old Codes

- The attached "Schedule of Year 2003 Procedure Codes and Maximum Allowable Fees" reflect **only** the new 2003 BAU, CPT[™], and HCPCS codes.
- All procedure code maximum allowable fees and BAU not listed on the fee schedules or in this numbered memorandum remain at the July 1, 2002, level.
- **Do not use** CPT and HCPCS codes that are deleted in the "Year 2003 CPT[™]," book and the "Year 2003 HCPCS" book, or state-unique codes deleted within this numbered memorandum for dates of service after December 31, 2002.

Maximum Allowable Fees and BAU

MAA used the following resources in determining the maximum allowable fees and BAU for the Year 2003 additions:

- Year 2003 Medicare Physician Fee Schedule Data Base (MPFSDB) relative value units:
- Year 2003 Washington State Medicare Laboratory Fee Schedule;
- Base anesthesia units established by the Reimbursement Steering Committee; and
- Current conversion factors.

Note: Due to its licensing agreement with the American Medical Association regarding the use of CPT[™] codes and descriptions, MAA publishes only the official brief descriptions for all codes. Please refer to your current CPT[™] book for full descriptions.

Deleted CPT and HCPCS Modifiers

There are no deleted CPT or HCPCS modifiers for 2003.

New 2003 HCPCS Modifiers

Many new modifiers were added in the 2003 HCPCS book. MAA will accept all of these modifiers as informational only, and neither inclusion nor exclusion of the modifiers will affect payment. Modifier descriptions may be viewed in the 2003 HCPCS book. MAA may require inclusion of some of the modifiers in the future for payment purposes, but will notify providers of such changes at that time.

Technical Changes and Corrections

Coding Changes

HCPCS		1/1/03
Code	Description	Maximum Allowable Fee
D1203	Topical application of fluoride – child	\$13.39

- Cranial Neurostimulators MAA covers cranial neurostimulators (CPT code 61862) only when it is determined to be medically necessary. MAA has determined that only ICD-9 diagnosis codes 332.0 and 333.1 are considered medically necessary for this procedure.

Phone Number Correction

• Important Contacts – Page v of the <u>Physician-Related Services Billing Instructions</u>, revised replacement page dated July 2002, contains the wrong phone number for contacting Provider Enrollment. The very first paragraph in the left column of page v should read:

Where do I call for information on becoming a DSHS provider, submitting a change of address or ownership, or to ask questions about the status of a provider application?

Call the toll-free line: (866) 545-0544

Tendon/Trigger Point Injections

MAA follows Medicare's bundling edits and unit limitations for CPT injection codes 20550-20553. The following limitations apply:

- 20550 and 20551 may have multiple units when injections are given in different tendons.
- 20552 and 20553 are limited to one unit, regardless of number of trigger points or muscle groups injected.

Modifier 62 Clarifications

• Modifier 62 (two surgeons) – MAA follows Medicare's guidelines on whether or not to allow the use of modifier 62 for two surgeons for a particular procedure. There are some procedures where Medicare's guidelines require review of the physicians' chart notes to determine payment for the use of modifier 62 (those containing a Medicare indicator of 1). MAA does not allow modifier 62 for those procedures with a Medicare indicator of 1. Providers may request an Exception to Rule (ETR) if they feel there are extenuating circumstances.

Podiatry/Orthotics

- **Limitations on Orthotics** The following corrections are made to the orthotic codes listed on page J128 of the <u>Physician-Related Services Billing Instructions</u>, revised replacement page dated July 2002:
 - ✓ State-unique orthotic codes 1600L and 1602L are limited to 2 units per client, *per calendar year* (not per lifetime).
 - ✓ State-unique orthotic code 1600L may not be billed in combination with 1601L *or* 1603L.
 - ✓ State-unique orthotic code 1601L may not be billed in combination with 1600L *or* 1603L.
 - ✓ State-unique orthotic code 1602L is limited to 2 *units* per date of service (not 1 unit per date of service).

Miscellaneous Billing Instructions Corrections

• The following corrections are made to the pages listed below in the <u>Physician-Related Services Billing Instructions</u>, revised replacement pages date July 2002:

	FS fee is \$67.80.

Sterilization

What is sterilization? [Refer to WAC 388-531-1550(1)]

Sterilization is any medical procedure, treatment, or operation for the purpose of rendering a client permanently incapable of reproducing. This includes vasectomies and tubal ligations.

Note: MAA does not reimburse for hysterectomies performed solely for the purpose of sterilization. Refer to page H.13 for information on hysterectomies.

What are MAA's reimbursement requirements for sterilizations? [Refer to WAC 388-531-1550(2)]

MAA covers sterilization when all of the following apply:

- The client is at least 18 years of age at the time consent is signed;
- The client is a mentally competent individual;
- The client has **voluntarily** given informed consent in accordance with all of the requirements explained under this section as required by CFR 441.258; and
- At least 30 days, but not more than 180 days, have passed between the date the client gave informed consent and the date of the sterilization.

Note: MAA reimburses providers for sterilizations for managed care clients 18 through 20 years of age under the fee-for-service system.

MAA reimburses providers (e.g., hospitals, anesthesiologists, surgeons, and other attending providers) for the sterilization procedure only when a completed, federally approved Sterilization Consent Form is attached to the claim. MAA reimburses after the procedure is completed.

MAA reimburses providers for epidural anesthesia in excess of the six-hour limit for deliveries if sterilization procedures are performed in conjunction with, or immediately following, a delivery. MAA determines total billable units by:

- Adding the time for the sterilization procedure to the time for the delivery; and
- Determining the total billable units by adding together the delivery base anesthesia units (BAUs), the delivery time, and the sterilization time.

Do not bill the BAUs for the sterilization procedure separately.

Additional Requirements for Sterilization of Mentally Incompetent or Institutionalized Clients

Providers must meet the following additional consent requirements before MAA will reimburse the provider for the sterilization of a mentally incompetent or institutionalized client. MAA requires both of the following to be attached to the claim form:

- A court order; and
- A Sterilization Consent Form signed by the legal guardian.

When does MAA waive the 30-day waiting period? [WAC 388-531-1550(3)(4)]

MAA waives the 30-day waiting period, **but does require** at least a 72-hour waiting period, for sterilization in the following circumstances:

- At the time of premature delivery, the client gave consent at least 30 days before the *expected* date of delivery. The expected date of delivery must be documented on the consent form.
- For emergency abdominal surgery, the nature of the emergency must be described on the consent form.

MAA waives the 30-day waiting period for sterilization when the client requests that sterilization be performed at the time of delivery, **and** completes a sterilization consent form when one of the following circumstances apply:

- The client became eligible for Medical Assistance during the last month of pregnancy ("NOT ELIGIBLE 30 DAYS BEFORE DELIVERY"); or
- The client did not obtain medical care until the last month of pregnancy ("NO MEDICAL CARE 30 DAYS BEFORE DELIVERY"); or
- The client was a substance abuser during pregnancy, but is not using alcohol or illegal drugs at the time of delivery. ("NO SUBSTANCE ABUSE AT TIME OF DELIVERY.")

The provider must note on the HCFA-1500 claim form in field 19 or on the backup documentation, which of the above waiver conditions has been met. Required language is shown in parenthesis. Electronic billers must indicate this information in the *Comments* field.

When does MAA not accept a signed Sterilization Consent Form? [Refer to WAC 388-531-1550(5)(6)]

MAA does not accept a signed Sterilization Consent Form obtained when the client is in any of the following conditions:

- In labor or childbirth:
- Seeking to obtain or obtaining an abortion; or
- Under the influence of alcohol or other substances that affect the client's state of awareness.

Why do I need a DSHS-approved Sterilization Consent Form?

Federal regulations prohibit payment for sterilization procedures until a federally approved and accurately completed Sterilization Consent Form is received. To comply with this requirement, surgeons, anesthesiologists, and assistant surgeons as well as the facility in which the surgery is being performed must obtain a copy of a completed Sterilization Consent Form to attach to their claim. **No other form will be accepted**.

MAA will deny a claim for a sterilization procedure received without a Sterilization Consent Form.

MAA will deny a claim with an incomplete or improperly completed Sterilization Consent Form. The claim and completed Sterilization Consent Form are to be submitted to the:

DIVISION OF PROGRAM SUPPORT PO BOX 9248 OLYMPIA WA 98507-9248

Who completes the Sterilization Consent Form?

- Sections I, II, and III of the Sterilization Consent Form are completed by the client, interpreter (if needed), and the physician/clinic representative more than 30 days, but less than 180 days, prior to date of sterilization. If less than 30 days, refer to page H.2: "When does MAA waive the 30 day waiting period?" and/or section IV of the Sterilization Consent Form.
